AARDENBURG

LIGNUM XL

FOR THE MOST DEMANDING PRUNING WASTE REDUCTION

Oversized and extra strong. When you want to process a large amount of diverse pruning waste in a short period of time. Hydraulically controlled high-performance wood chipper, ideal for shredding all your waste into usable wood chips. Optimised for long-term and intensive use, combined with low user loads. Very suitable for larger fruit growers, municipalities, contractors and landscapers.

1. Tuneable

Easily adjust speed, feed height, chip size, and direction of throw.

2. Simple

Proven simple mechanical operation and safety

3. Compact

Be amazed at the limited storage space needed during transport or off-season storage

4. 360°

Simply adjust the ejection of processed pruning waste in 360°

5. Ergonomic

Enjoy the hydraulic assisted feed system for low physical impact
