AARDENBURG

OMIKRON M HYDRO

TILLING WITH A SKID STEER OR WHEEL LOADER MADE EASY

Highly productive and tough. When you want to use your skid-steer loader even more effectively. Variable speed direct bi-directional drive allows for high control over tilling action Custom Bobcat attachment with ergonomic ingress steps for rigid connection to skid steer. Interchangeable universal suspension struts with ultra-flexible floating suspension for perfect ground following. Very suitable for maintenance services, contractors and construction companies.

1. Bobcat

Easily connects to your Bobcat with the special frame and connections with even a special integrated step to get into your Bobcat

2. Long-lasting

Low maintenance with a special heavy duty hydraulic motor that allows for bi-directional tilling

3. Dual-knive

Enjoy easy bi-directional work with the specially designed 2-sided Omikron knives

4. Adjustable

Simply adjust the tillage depth with the elliptical skids

5. (Im)proved

Ease of mind with the special improved and proven Aardenburg design after intensive field testing and an extensive quality check
