AARDENBURG

OMIKRON XL

EVEN THE TOUGHEST JOB COMPLETED WITH EASE

Highly productive and very strong. For the professional user with large, difficult jobs. High production even under difficult conditions thanks to heavy duty gear drive. Optimum ratio between rotation and propulsion through gearbox with 4 gear ratios. Particularly suitable for farmers with uncultivated sandy, clayey and stony soils.

1. Protected

Enjoy a longer lasting machine thanks to the Clutch overload protected PTO

2. Gear-drive

Easily works trough heavy loads with the special gear drive in a special oil filled housing

3. Adjustable

Simply adjust the crumble with the adjustable spring tensioned tailgate, interchangable crumble roller(2500/3000).

4. 4-speed

Experience optimum rotation and propultion with the simple to adjust transmission ratios

5. (Im)proved

Ease of mind with the special improved and proven Aardenburg design after intensive field testing and an extensive quality check
